

Clinical Excellence

Elevate Nursing Outcomes.
Simplify Designation Achievement.

When paired with StaffGarden's Career Advancement or Competency Management solutions, our Clinical Excellence Suite simplifies accreditation and designation success – automating documentation, surfacing top exemplars, and giving leadership real-time visibility to scale quality outcomes.

Why Leading Healthcare Executives Love It

Empower your teams to focus on impact – not paperwork.

- Bring clarity, efficiency, and control to the process
- Easily surface your strongest stories of excellence
- Automate documentation and reporting at every level

>80% Agree our program helps them **identify top talent** for their pipeline

Compliance by Department (Sorted by Department)

Department	#	# Educated	% Educated	# Certified	% Certified	# Certification Eligible	# Cert Eligible & Certified	% Cert

“Having a platform where we can go in and see, ‘this research project is what’s really making an impact on this clinical outcome, let’s go ahead and implement it everywhere [enables us] to positively affect those infection rates across our entire organization.’”

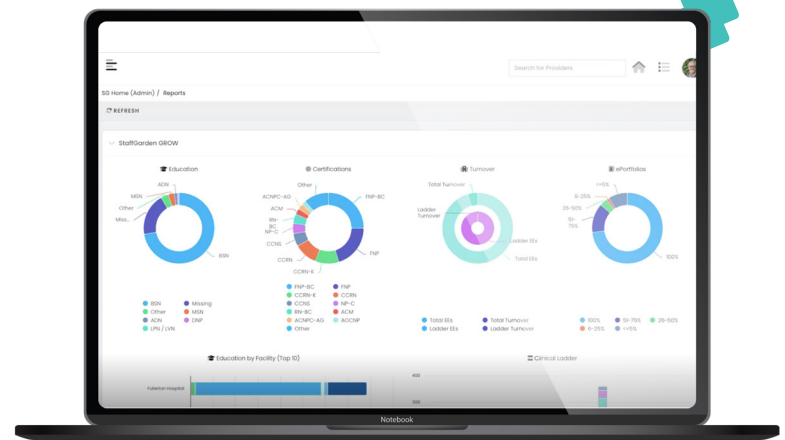

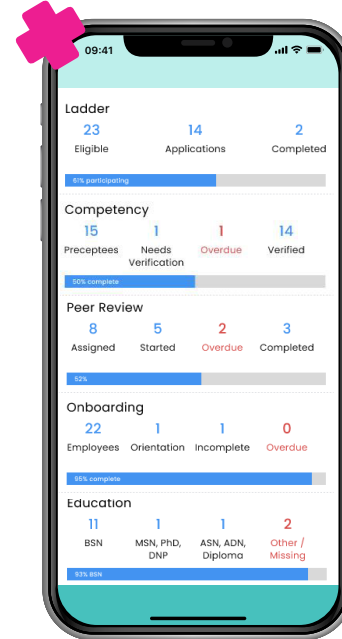

Barbra Turner, Director of Nursing Practice and Education,
Bon Secours Mercy Health

The Power of Centralized Workforce Insights

Data capture from every angle makes us the most comprehensive technology, empowering leaders to take healthcare workforce development to the next level for a significant impact to your organization’s strategic priorities.

- **Magnet® tagging** flags top exemplars for future applications making it easier to showcase your team’s best work
- **Automated data mapping & one-click Magnet® submissions** with alignment to service lines, categories, cost centers, and more makes designation and accreditation management faster and easier
- **New! Mentoring automations & management** streamline matching, documentation, and more
- **Peer review workflow automations** scale impacts and simplify reporting
- **Compliance tracking dashboards** help you visualize and stay on top of your workforce’s education, licensing, and other requirements while streamlining documentation
- **Configurable population views** give you instant visibility across facilities, cost centers, and service lines to view progress, engagement, and potential issues at any level
