Our Clinical Experts

Our team is powered by former hospital educators who bring a wealth of practical, real-world experience to their guidance, ensuring recommendations are both evidence-based and readily applicable within the dynamic healthcare environment.

Tina Cheek

MSN, RN, NPD-BC, CHCP, NEA-BC

Tina is a seasoned healthcare professional specializing in professional development to enhance team engagement and drive positive outcomes. As a Senior Clinical Professional Development Specialist, she excels in consulting, leading successful accreditation processes, and creating innovative programs. Her collaborative approach and tailored solutions have improved clinical competency, education, and organizational performance. With a Master's in Nursing Leadership and multiple certifications, Tina is equipped to support organizations in fostering continuous learning and improvement.

Kristen Soengeng

DNP, MSN-ED, RN

Dr. Kristen Soengeng served as a Clinical Nurse Educator in the hospital while teaching as an Assistant Dean in academia. Her experience spans from managing the hospital new hire orientation and annual competency program, teaching courses, chairing the Assessment and Evaluation committee, standardizing, and developing policies and procedures, making visits to the BRN as well as managing accreditation survey visits. She now serves as the ROOTS Product Manager for StaffGarden by HWS. Her passion is digital innovation and transformation to promote clinical excellence.

Allison Wild

MSN, RN, NPD-BC, EBP-C, PCCN

Allison applies her extensive nursing education expertise to enhance healthcare workforce growth. As a board-certified specialist, she innovates and collaborates on orientation, onboarding, transition programs, role development, quality improvement, and competency management. Her leadership ensures healthcare professionals are equipped to thrive, focusing on workforce education and safe, quality patient-centered care.
